Joyful

A pureza da elegância do azul. Joyful representa a alegria e ao mesmo tempo a tranquilidade, serenidade, harmonia e espiritualidade que somente uma coleção de tons azuis pode transmitir, numa perspectiva contemporânea de vidrados reativos em porcelana. Numa celebração da história criativa da cerâmica em geral e da porcelana em particular, Joyful é mais um resultado do extenso trabalho realizado pelos técnicos da Costa Verde, numa coordenação com as últimas tendências de mercado, que personificam assim a mudança associada a elementos naturais como a água, o céu iluminado e o infinito. Desenvolvida na reconhecida linha Nordika, Joyful associa assim a reinterpretação do azul-claro com a pureza das linhas da coleção Nordika, que lhe vai proporcionar soluções ideais de apresentação, com personalidade e subtileza.

The purity of elegance in blue

Joyful represents joy and, simultaneously, peacefulness, serenity, harmony and spirituality, which only a blue toned collection can convey, under a contemporary perspective of porcelain reactive glazes. In a celebration of the creative history of ceramics, in general, and porcelain, in particular, Joyful is yet another result of the extensive work carried out by Costa Verde's technicians, in coordination with the latest market trends, which, thus, embody the change connected to natural elements, such as water, the illuminated sky and infinity. Developed through the well-known Nordika collection, Joyful thus associates the reinterpretation of light blue with the purity of the lines of Nordika collection, which will provide you with ideal presentation solutions, with personality and subtlety.
